

A Good Cook

Last Sunday, my dad said, "I think I'll cook pasta today."

"Good", said Mum. "I will put my feet up."

Cooking the pasta took all day! He looked in his cookbook. He took a pan from its hook. He cooked the pasta in it.

Then he shook the pan, and mixed in cheese with a wooden spoon.

"Mmm! Smells good!"

He stood a big bowl on a mat. Then he tipped up the pan...whoosh! Splat!

So Mum and I cooked egg and chips! Is my dad a good cook?
